PORT ARTHUR, ONT., April 11 1915

Dear Sir;

I am informed that the position of Headworker at the University Settlement will be vacant shortly and beg to make application for same.

I am of English birth thirty-two years old and married. I was educated at St Pauls School and at the University of London (Science)

I had some little experience as a volunteer worker at Toynbee Hall London, in the boy's dept. This was during my undergraduate days. During my work as a Civil Engineer in this country and the States I came so frequently in contact with the foreign born working man and my interests became so awakened that I think I can without exaggeration claim to have spent at least a quarter of my time in some form of foreign work.

I worked as a volunteer worker at Kingsley

PORT ARTHUR, ONT., _____ 191__

House Pittsburg. Taught English in construction camps out West and worked for 2½ years at Wesley Institute Fort William During this period I started the boys' work there and lived in residence for over a month.

I ~~am~~ have been employed for nearly a year now by the City of Port Arthur to give all my time to educational work among the foreign population

For this purpose I am carried on the payroll as a school teacher, my work ranges from elementary classes in English to such subjects as Civics and "Truck gardening"

I have always been particularly interested in the problems connected with educational work among the foreign born and my desire for a change is actuated by a wish to come more in touch with the mainspring

April 15th, 1915

Norman L. Burnett, Esq.,

Maudslay Court,

Port Arthur.

Dear Sir:

There is a change being made in the management of the University Settlement, but we have already made arrangements, which at least will be carried through for next winter. There is therefore now no probability of there being an opening such as would be suitable for you. I return enclosure.

Yours sincerely,

President.
